

CHURCH IN LONDON, ENGLAND, NEEDS HELP

Hello, friends and subscribers to the Fundamental Baptist Information Service.

Our friend Jack Moorman is the founder and pastor of Bethel Baptist Church in Wimbledon, which is a suburb of London, England. From 1968 to 1988 he was a church planter in South Africa starting five churches, a Bible Institute, and a tract printing ministry. In 1988 they moved to England, and since November 1993, he has preached in London and carried on an important Gospel tract ministry in many languages to more than fifty market areas across the city.

Bethel Baptist Church in Wimbledon is one of the very few sound Baptist churches in that great pagan city of ----- million souls, which is literally the crossroads of the world.

For ---- years they have been renting a nice church building right on the main street of Wimbledon a short walk from the London Underground station. The location could not be better.

Now the organization that owns the building is selling it for the price of 380,000 British pounds (US\$679,000), which is an excellent price for that part of London.

The church has seen many people saved over the years but oftentimes they don't stay in the city very long because of the high cost of living, so it has never been a large congregation.

I believe this is a worthy cause. It would be a great shame if this important lighthouse were forced to move from this ideal location. To obtain financing from a bank the church must give a down payment of 20%. The congregation has raised ----- pounds and need to find a way to obtain the rest or they will lose the building.

I am pledging a gift toward this need and I would urge you to pray about doing the same.

If the church is unable to raise the money by -----, the gifts, of course, will not be needed.

In Christ,

Brother Cloud
